	Average Silver	Sun Prairie
RIDERSHIP <i>Percentage of Commuters who bike</i>	2.7%	0.59%
SAFETY MEASURES CRASHES <i>Crashes per 10k bicycle commuters</i>	537	415.84
SAFETY MEASURES FATALITIES <i>Fatalities per 10k bicycle commuters</i>	6.3	0

KEY STEPS TO SILVER

- » Continue to expand the bike network and ensure that your community follows a bicycle facility selection criteria that increases separation and protection of bicyclists based on levels of motor vehicle speed and volume.
- » Adopt a Complete Streets policy and create implementation guidance.
- » Develop a design manual that meets current NACTO standards or adopt the NACTO Urban Bikeway Design Guide.
- » Increase the amount of high quality bicycle parking throughout the community. Adopt a bike parking ordinance for new and existing buildings that specifies standards for the amount and location of secure, convenient, APBP-compliant bike parking available.
- » Expand bicycle education opportunities for adults. Consider ways to target demographics who currently do not feel safe riding with classes or events that address their concerns.

- » Increase the number of local League Cycling Instructors (LCIs) in your community, either by hosting an LCI seminar or sponsoring a City staffer, Police Officer, and/or local bike advocate to attend an existing LCI seminar elsewhere.
- » Provide education to law enforcement officers on bicycle safety, bicycling skills, and traffic laws as they apply to bicyclists and motorists. Develop a bike patrol unit to improve bicyclist/officer relations.
- » Continue efforts to improve data-driven road safety operations and Vision Zero activities. Work with neighboring jurisdictions to develop a local coordinated and comprehensive Vision Zero program.
- » Appoint a staff member Bicycle & Pedestrian Coordinator or create a new position.
- » Adopt a target level of bicycle use (percent of trips) to be achieved within a specific timeframe, and ensure data collection necessary to monitor progress.
